**FINANCE AND COMMERCE.****FINANCIAL**

New York, January 28.

Money—Easy at 1½@2 per cent.

Exchange Bills—4½%; demand, 4.88.

Governments—Firm.

Stocks—There was an unusual activity and excitement at the stock exchange to-day, arising from developments in regard to the affairs of the Oregon Transportation company. It was officially announced that the Oregon Transportation company had sold 30,000 shares of Northern Pacific common, 30,000 preferred, and 10,000 Oregon Navigation to a syndicate composed of Gould, Sage, Field, Drexel, Morgan and others. The stock, it is understood, is not to be sold for a year. The syndicate is pledged to furnish the company with whatever additional funds it may need at 6 per cent per annum. The announcement was followed by a remarkable rise of thirty-two points in Oregon Navigation, which sold up to 119 cash and 112 regular. Oregon improvement advanced from 44½ to 51; Oregon Transportation from 20½ to 23; Northern Pacific from 21½ to 23 and preferred from 41 to 49½. The dealings were attended with great excitement. The general market opened at a fractional decline on statements that railroad troubles at the west had not been settled, as generally supposed. The decline in price was only 1 to 1 per cent, but subsequent developments in Northern Pacific led to a marked change in the market, stimulated by the announcement that the old rates of the Utah and Colorado business had been restored by the Union Pacific and Denver &amp; Rio Grande, and that the Chicago, Burlington &amp; Quincy had agreed to maintain these rates pending the final settlement of differences on Missouri business and a general advance of 3 to 2½ per cent occurred. After the excitement had subsided the general list declined 1½@ per cent which was soon followed by a reaction of 1 to 1½ per cent. The market closed firm with an advancing tendency. As compared with Saturday's closing prices are 1 to 3 per cent higher. Oregon Navigation, however, is 13½ per cent higher at 99½; Houston &amp; Texas advanced 1½ per cent to 46½; Louisville, New Albany &amp; Chicago 3 per cent to 28.

The net earnings of the Chicago, Milwaukee &amp; St. Paul road last year \$3,881,785, applied to dividends, \$4,507,860.
